For churches we don't charge a fee but work on honorarium. An honorarium is a token payment made to bestow recognition to an individual for services they perform, for which payment is not required. You would have to cover the travelling costs or accommodation or both depending where the event is . If the venue is within a 60 km radius a chargeable fee of R1800 would be required for travelling costs, and if the venue is out of radius you would be required to cover travelling costs and accommodation.
